

GK FARMHOUSE

GK DEVELOPERS

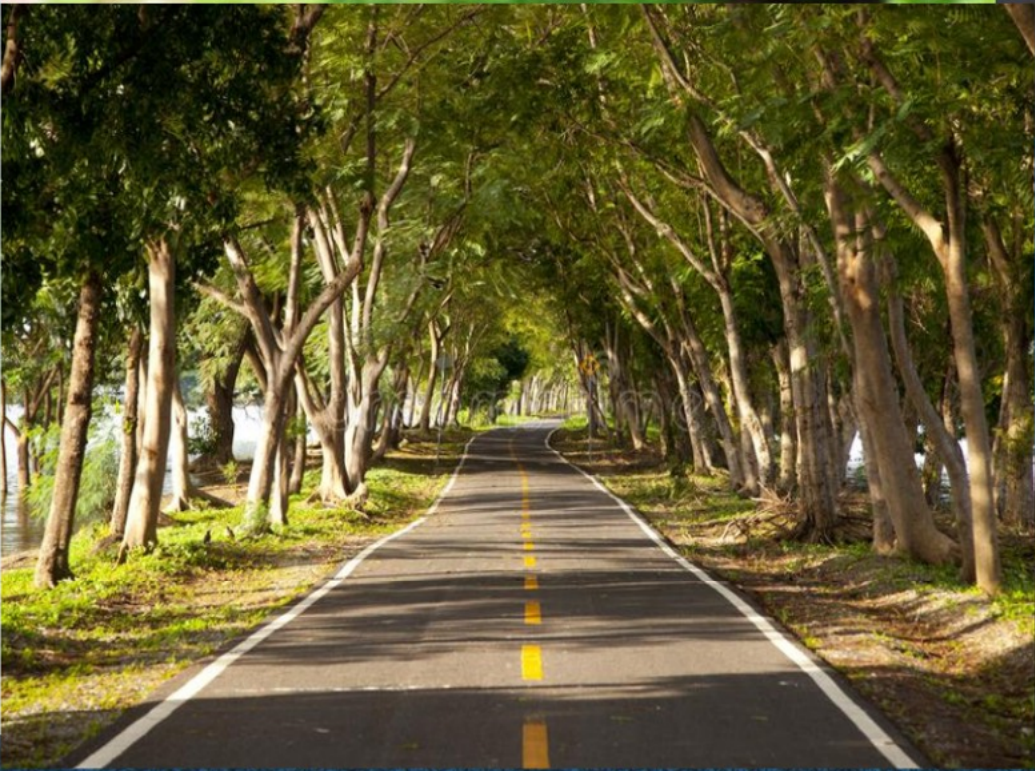

At **GK Developers**, we're committed to creating sustainable Housing Layouts that have minimal impact on the environment. Every Layout from **GK Developers** is a carbon-healing. Its features include utilising every drop of water, sending zero waste to landfill and ensuring a green cover that helps both you and the environment to breathe. Our mission is to balance the need to break through the clutter of a highly competitive market where trends and fashion have a very short shelf life, with the demands of cost and investor confidence. A way to not succumb to this is to conceive architecture that expresses a sort of timelessness - responding to factors that are immutable to the site and the surrounding context and not to passing trends - in order to create something that cannot be replicated elsewhere.

Now **GK Developers** are coming up with new Farm House project

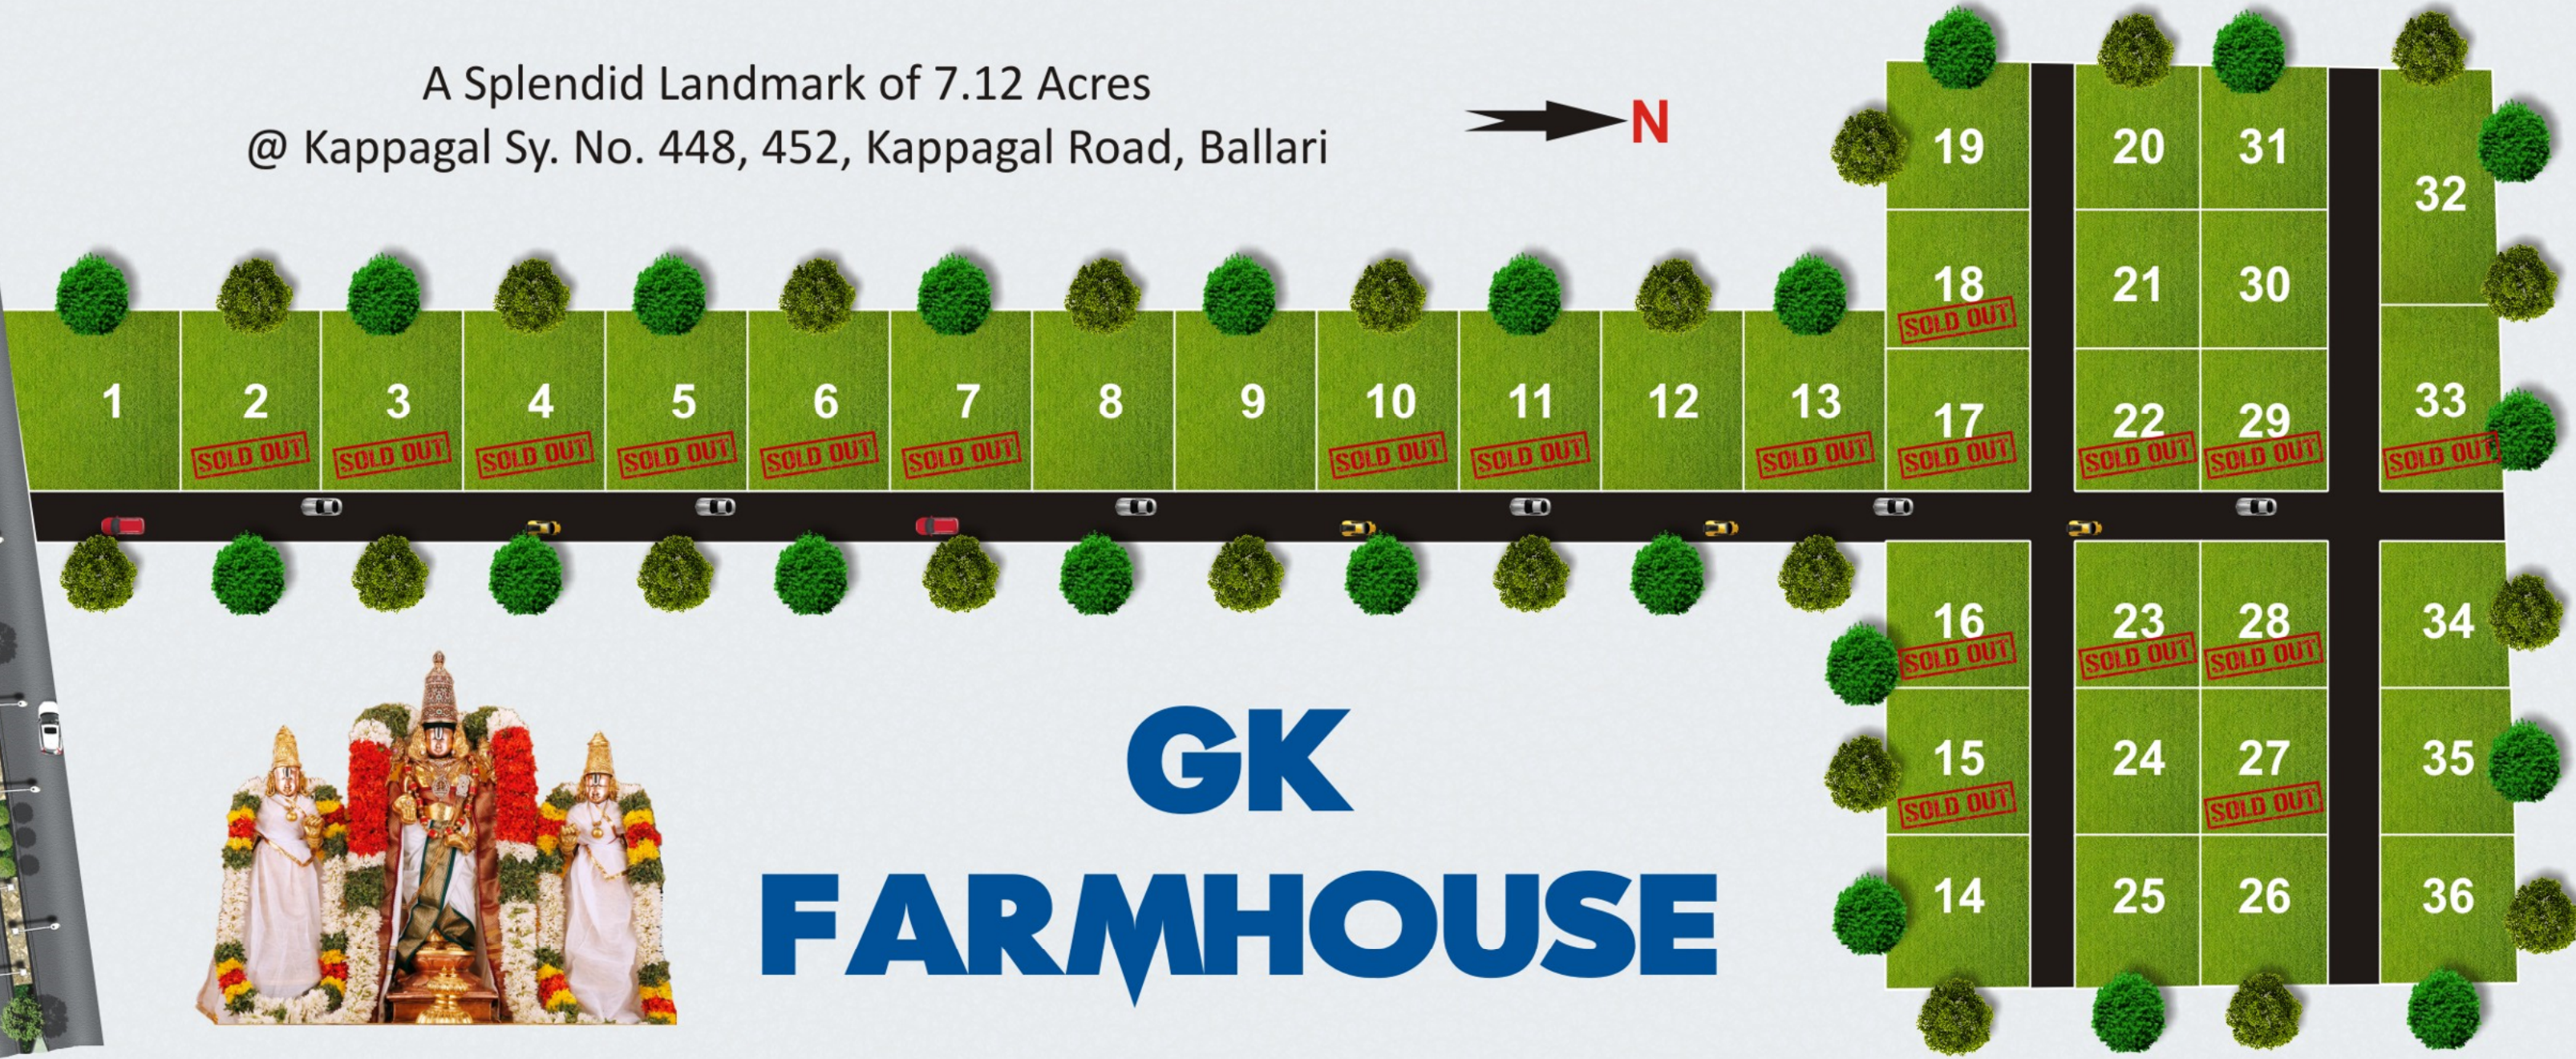

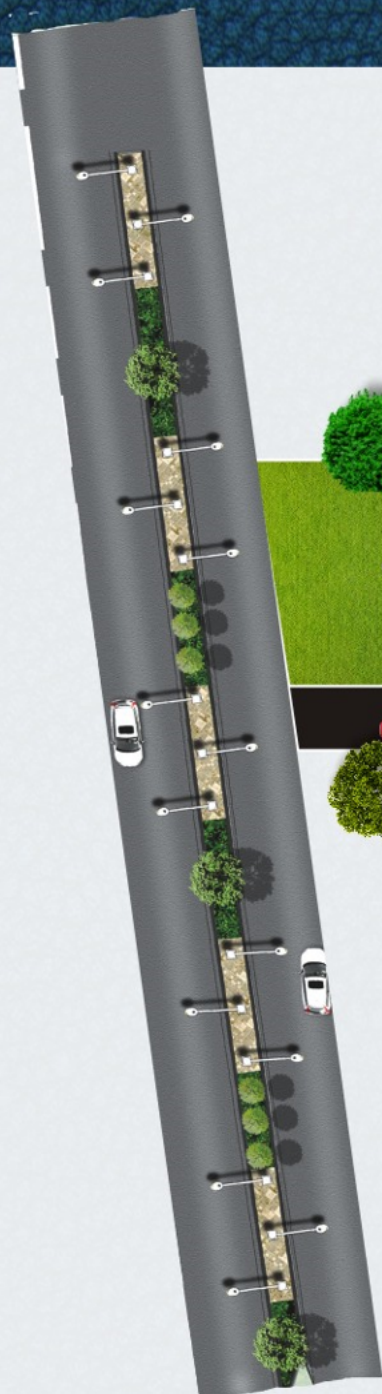

GK FARMHOUSE

Grand WELCOME TO
GK FARMHOUSE

A Splendid Landmark of 7.12 Acres
 @ Kappagal Sy. No. 448, 452, Kappagal Road, Ballari

GK FARMHOUSE

Plot No.	In Cents	In Sq. Feet	In Sq. Mts.
